PROFESSIONAL SUMMARY

Highly motivated Junior Backend Engineer with hands-on experience in architecting, securing, and deploying scalable RESTful APIs. Proficient in Python, FastAPI, and PostgreSQL with a strong focus on relational database design and API endpoint security. Seeking an internship or junior backend role to contribute to impactful software engineering projects while advancing backend architecture skills.

TECHNICAL SKILLS

Languages:	Python, SQL (English: Fluent, Bangla: Native)
Web Frameworks:	FastAPI, Django
Databases & ORM:	PostgreSQL, Supabase (Managed Cloud), SQLite, SQLAlchemy ORM
DevOps & Cloud:	Git, GitHub, Render Deployment, CI/CD Auto-Deployment pipelines
Tools & Concepts:	RESTful APIs, JWT Authentication, Pydantic Validation, Bcrypt (Passlib)

BACKEND PROJECTS

Aviation Booking REST API — October 2026

Tech Stack: Python, FastAPI, PostgreSQL (Supabase), SQLAlchemy ORM, Render

- Architected a complete relational database model and RESTful API handling end-to-end CRUD operations for Flights, Passengers, and automated ticket Bookings.
- Integrated a fully managed cloud PostgreSQL database via Supabase, successfully resolving IPv4/IPv6 transaction pooling conflicts for production stability.
- Established a continuous deployment (CI/CD) pipeline on Render for automated zero-downtime updates.
- Designed an interactive, auto-generated Swagger UI (/docs) endpoint for seamless frontend and client integration.

CV Management REST API — 2026

Tech Stack: FastAPI, PostgreSQL, SQLAlchemy, JWT, Pydantic

- Engineered a secure and scalable REST API to manage user profiles and dynamic resume data with strict type validation using Pydantic.
- Implemented robust JWT-based authentication protocols and secured user endpoint credentials utilizing Passlib (Bcrypt) password hashing.
- Successfully migrated the core database infrastructure from local SQLite to a fully managed Cloud PostgreSQL instance ensuring global accessibility and scale.

EDUCATION

Diploma in Engineering **Expected Graduation: 2027**

Dhaka Polytechnic Institute, Bangladesh

Secondary School Certificate (SSC) **2023**

Narayanganj Textile Vocational Institute — GPA: 5.00/5.00

ADDITIONAL EXPERIENCE & LEADERSHIP

Digital Marketer | TripNet Aviation **Feb 2026 – Present**

- Managed B2B marketing campaigns and optimized service delivery models, gaining strong domain knowledge of aviation business logic and operations.

Extracurricular Leadership

- **Institute Representative:** Volunteer for Bangladesh (Dhaka District South).
- **Campus Ambassador:** English Carnival Bangladesh (2025).
